EDUCATION

Bachelor of Computer Science (Minor: Marketing), SRM University-AP - Expected 2027 CGPA : 8.94
Class 12th Intermediate Andhra Pradesh State Board, 2021-2023 Percentage : 93.9

TECHNICAL SKILLS

Languages: Java, Python, C++, JavaScript
Web Technologies: React.js, Node.js, Express.js, HTML, CSS
Databases: MySQL, MongoDB
Core CS: Data Structures and Algorithms, Object-Oriented Programming(OOPS), OS, CN
Libraries/Frameworks: Pandas, NumPy, Matplotlib
AI/ML: Machine Learning, Data Science, NLP

EXPERIENCE

Full Stack Developer Intern Jun 2025 – Jul 2025
Exafluence, Tirupati, AP [GitHub](#)

- Built an automated resume screening platform using Python, Flask, MySQL, and NLP, reducing manual screening effort by 60%.
- Developed secure Google OAuth integration and resume parsing for PDF, DOCX, and email content.
- Designed a real-time dashboard for candidate tracking and automated communication workflows.

PROJECTS

Sentiment Pulse AI — Chrome Extension, Node.js, Express.js, Gemini AI [GitHub](#)

- Developed an AI-powered Chrome Extension for multilingual sentiment analysis and website safety auditing using Google Gemini AI.
- Built real-time sentiment classification, thematic clustering, smart reply generation, and AI-driven insights for social media content.
- Implemented website trust scoring, dark pattern detection, SSL verification, and malicious link analysis.

MedAssist AI — AI-Powered Clinical Decision Support System [GitHub](#)

- Developed an AI-based healthcare assistant using Python, PyTorch, and EasyOCR for X-ray analysis, prescription validation, and patient risk assessment.
- Built a ResNet-18 deep learning model achieving 95% accuracy in pneumonia detection from chest X-rays.
- Integrated OCR, RxNorm API, and drug safety validation for automated prescription checking and clinical recommendations.

Student Notes Exchange Portal — MERN Stack [GitHub](#)

- Built a full-stack notes sharing platform using React, Node.js, Express.js, and MongoDB.
- Developed secure authentication, file uploads, bookmarking, voting, commenting, and smart search/filtering features.
- Integrated Cloudinary for document management and developed an admin moderation dashboard with responsive UI.

CERTIFICATIONS

- Python Certification in Orcade Hub.
- Front-End Development from Edunet Foundation leveraging IBM Skills Build Platform.
- Basics of Python and AI certification from AFE Bootcamp; selected for a 10-month intensive bootcamp and received a laptop.
- Completed a 10-month Data Structures and Algorithms (DSA) bootcamp from AFE (Zuvvy).
- Earned Oracle Java SE 17 Professional Certification demonstrating advanced Java programming and OOP concepts.
- Certified in MongoDB through SmartBridge with hands-on database management and NoSQL development experience.

ACHIEVEMENTS

- Achieved Reliance Undergraduate Scholarship, awarded to top undergraduate students among 5,000+ participants across India.
- Selected among Top 10 out of 1000+ participants in Google Girl Hackathon and advanced to Round 2.
